

## What people say about Cecilia:

“What we got was a ‘rock-em, sock-em, hit-em between the eyes’ mini extravaganza... Dynamic! Perpetual Motion!... You are first on our list for a repeat performance... Lasting impact... Your enthusiasm is contagious!”

*President, Superior Optical Company*

“Cecilia has the rare ability to turn a presentation onto an experiential event. She uses personal experience in a comedic context to do more than just elicit laughter. The experience has impact not just during her presentation but a lasting impact as participants consider the truths Cecilia exposed in the context of their careers and lives.”

*Conference Coordinator  
The Chronic Disease Conference (A&M’s Nursing College)*

“Our special thanks go to Cecilia for presenting an outstanding program that not only effectively explains the pain people encounter when going through change, but also and quite clearly, imparts a high degree of motivation and enthusiasm for a professional approach to change management. Her demonstrative evangelistic fervor for helping professional change-agents in organizations achieve success amidst the complexity and ever changing business landscape is outstanding.”

*Chevron Chemical Conference*

“Cecilia A. Rose proved she is the reigning evangelist of how to embrace change with her bright up-tempo presentation of ideas and excellent content for “Success Through Motivation.” Ms. Rose is tiny but tough; a preacher of the basics of merchandising and salesmanship but with an energetic, improvisational performance that is entertaining and impressive”

*20/20 Magazine*

“Dynamic! Perpetual Motion! She is always thoroughly prepared and gives a vibrant presentation. Good Things come in small packages; so does dynamite. Cecilia is a perfect blend of both.”

*President,  
Louisiana Association of Dispensing Management*
